PN-VU983H
LCD MONITOR

The All New SHARP 98" Professional **UHD** Signage Display

The 98" Class **PN-VU983H** LCD monitor is designed for ease of use and flexibility. Ideal for well-lit environments, this LCD monitor prevents the risk of any on-screen reflections and glare. With their outstanding image quality and 24/7 operation, this monitor can deliver an extraordinary performance either in landscape or portrait orientation.

OPS Support

PN-VU series offer compliance with OPS (Open Pluggable Standard). Offering enhanced processing power, OPS gives you the freedom to choose whichever operating system best suits your specific application.

24/7 Operation

PN-VU series are quality confirmed to operate 24 hours a day without any issues. Furthermore, these high quality screens come with brightness levels of 500 cd/m², which make them ideal for heavily lit environments.

Built-in SoC Controller (System on a Chip)

The PN-VU983H has a powerful integrated SoC controller for PC-less operation to run content on the display, even without a PC.

Embedded USB Media Player

The In-Built USB Media Player allows for Picture, Audio and Video content to be played directly from a USB.

Wireless Connectivity

The PN-VU983H has built-in wireless functionality. Mirror your smartphone, tablet or computer* via an app that lets it send images wirelessly to the display. No need for tangled wires or conversion adapters. WiDi & Miracast is available for screen sharing.

* Compatible with Windows and Android™ operating systems
Note: Requires wireless LAN access points to connect Display and devices
