Highly Functional and Versatile
4K UHD Signage Support

Super-high resolution monitor for wide range of Signage applications

With a 65-inch class screen and support for **4K Ultra HD** (3,840 x 2,160-pixel) resolution, Sharp **PN-VW652** offers your advertising the focus of attention and visual impact with Embedded Media Player and OPS support. This monitor is designed with minimalist, ultra-narrow bezels. With outstanding image quality, and 16/7 operation, this monitor can be set up to provide eye-catching communication in a wide variety of settings. Whether in a retail, office, or public setting.

OPS Support

PN-VW652 offer compliance with OPS (Open Pluggable Standard). Offering enhanced processing power, OPS gives you the freedom to choose either Windows or Android* – whichever operating system best suits your specific application.

16/7 Operation

PN-VW652 are quality confirmed to operate 16 hours a day without any issues. Furthermore, these high quality screens come with brightness levels of 400 cd/m², which make them ideal for heavily lit environments.

Embedded USB Media Player

The In-Built USB Media Player allows for Picture, Audio and Video content to be played directly from a USB and HTML5 Support.
Stunning 4K Image Quality

Full HD

Four times as many pixels

4K Ultra HD

(Simulated images)

Sized for eye-grabbing impact, PN-VW652 4K Ultra HD monitor boasts an impressive level of image quality that allows it to showcase all manner of content, from detailed text to beautifully textured graphics. With four times the resolution of Full HD.

Built-in Connectivity

PN-VW652 features wired and wireless embedded WiFi connectivity. Due to their wireless capabilities, the displays can easily gather content without any external device. Moreover, their WiFi connection enables you to use Miracast for screen sharing.
